

Biographical Sketch
Robert A. Green, PE, F.NSPE

Robert Green works for the Dean in the James Worth Bagley College of Engineering as the Undergraduate Coordinator at Mississippi State University. In this position he acts on behalf of the Dean in matters involving undergraduate students and manages the college's Computer Initiative. He holds a B.S. degree in Chemical Engineering and an M.S. in Mechanical Engineering from Mississippi State. He also has an M.A. in National Security and Strategic Studies from the US Naval War College and is working on his dissertation in Public Policy and Administration. Mr. Green is also a registered Professional Engineer.

Prior to his current position, Mr. Green worked as a Research Engineer with the Diagnostic Instrumentation and Analysis Laboratory (DIAL), a research department in the College of Engineering. His areas of expertise while at DIAL were gas analysis, stack sampling and other EPA test methods, infrared pyrometry, the design of intrusive probes for measuring specific parameters in harsh, high temperature, particle-laden environments, and the design of experiments. When he left DIAL for his current job he was serving as the Chief Test Engineer and Manager of the Field Operations Team.

Mr. Green also serves as a Navy Reserve Officer holding the rank of Commander. He is a Naval Engineering Duty Officer with expertise in the area of design and acquisition of ships and ships' systems and combat systems. He is currently the NAVSEA Reserve Program Manager for the Coalition Warrior Interoperability Demonstration (CWID) and is attached to the Naval Sea Systems Command Region Southeast in Orlando, FL. Prior assignments have been with the Norfolk Naval Ship Yard, Philadelphia Naval Ship Yard, Naval Sea Systems Command, and as Commanding Officer of Naval Weapons Station Yorktown Detachment 609, the Amphibious Ready Group Intermediate Maintenance Activity Detachment 0948, USS Emory S Land (AS-39) Detachment 407, NAVSEA St. Louis, MO, and NAVSEA Houston, TX. He is also qualified facilitator for Reserve Officer Leadership Training and a science fair judge for the Office of Naval Research. His personal awards include the Navy and Marine Corps Meritorious Service Medal, Navy and Marine Corps Commendation Medal (4 awards), Navy and Marine Corps Achievement Medal (4 awards), Military Outstanding Volunteer Service Medal, and the Navy Unit Commendation Medal.

In addition to these duties, Mr. Green is a Past President of the Mississippi Engineering Society, is an elder within the Presbyterian Church PC(USA), and holds various other positions in volunteer and professional organizations including a member of the Advisory Board of the Starkville Chamber of Commerce and chair of the Greater Starkville Development Partnership Military Affairs Committee. He has been nominated for the position of Vice President of the National Society of Professional Engineers and if elected will serve as President in 2012. His hobbies include reading, writing, and digital photography.
